

**PRESS RELEASE**

**FOR IMMEDIATE RELEASE**

## **ROUGH AND READY**

The Autumn exhibition season is now over and Turnstyle Designs is considering which of its many new products and designs it tested at the three exhibitions it attended, (100% Design, Monaco Yacht Show, Fort Lauderdale Boat show)... they will run in next years new catalogue.

One design that made a big, big hit was the “Rough Cut”, door lever and door pull. inspired by a rough hewn texture left in wood prior to planing. The design has been tempered to create a beautiful rippled textured effect that feel great and brings out the best in Turnstyles latest composite finish “Cocoa” (shown with Dark Bronze metalwork). The design is available in several grip finishes and comes as a door lever set and door pulls in three standard lengths.

***All existing products are listed on Turnstyles amazing new website***
